Tasks

- **DEFINITION**
  - Work
    - seperate
    - piece
      - of
    - done
      - formally
        - or
      - informally
      - as
        - part
          - of
            - ba
              - business
              - analysis
  - Task
    - A
    - given
    - applicable
      - universally
      - 2
        - efforts
- **LIST**
  - A
  - BABOK
    - The
    - Guide
    - Describes
- **FORMAT**
  - introduced
    - in
  - for
    - each
      - task
  - **AIM**
    - ensures
      - reason
        - why
          - business
            - analysts
              - do
                - task
                - the
  - **DEFINITION**
    - provides
      - explanation
        - elaborate
        - of
          - the
            - task
      - reason
        - why
          - done
      - achievement
        - expected
  - **INPUTS**
    - lists
      - inputs
        - for
          - the
          - task
        - information
          - used
            - up
          - converted
            - 2
              - produce
                - an
                - output
        - symbolize
          - the
            - information
              - required
                - for
                - a
                - task
                - 2
                - begin
        - Generated
          - maybe
            - inside
              - business
              - analysis
            - outside
              - or
              - (external)
  - **ELEMENTS**
    - defines
      - concepts
        - the
        - key
        - needed
          - 2
            - understand
              - how
                - 2
                - task
                - do
    - obligatory
      - not
        - 2
          - do
            - a
            - task
    - use
      - might
      - depend
        - on
          - approach
            - business
              - analysis
  - **GUIDELINES + TOOLS**
    - lists
      - resources
        - necessary
          - 2
            - transport
              - input
                - into
                - output
    - guideline
      - ensures
        - instruction
          - or
        - definitions
          - 2
            - undertake
              - a
              - task
    - tool
      - something
        - used
    - include

      - outputs
        - of
          - tasks
            - other
  - **TECHNIQUES**
    - lists
      - techniques
        - can
          - be
        - used
          - 2
            - do
              - the
              - task
                - business
                - analysis
  - **STAKEHOLDERS**
    - consists
      - of
        - list
          - generic
          - of
            - stakeholders
              - possible
              - 2
                - attend
                - in
                - doing
                - task
                - a
              - or
                - affected
                - by
  - **OUTPUTS**
    - defines
      - results
        - generated
          - by
            - doing
              - task
    - created
      - or
    - transformed
      - or
    - changed
      - in
        - state
          - as
            - a
              - result
                - of
                - completion
                - of
                - a
                - task
    - Output
      - may
        - be
          - a
            - deliverable
              - or
            - part
              - of
                - a
                - greater
                - deliverable
      - form
        - depends
          - on
            - type
              - of
                - initiative
                - ongoing
            - organization
              - standards
            - judgement
              - best
              - of
                - the
                - business
                - analyst
        - as
          - 2
            - a
              - way
                - proper
                - 2
                - address
                - information
                - needs
                - of
                - stakeholders
                - key
- **GROUPED**
