Techniques

- **LIST**
  - included
    - in
      - Guide
        - the
        - BABOK
  - comprehensive
    - not!
- **EXIST**
  - multiple
    - may
      - be
    - applied
      - alternatively
        - or
      - in
        - conjunciton
          - with
            - other
              - techniques
                - 2
                - accomplish
                - a
                - task
- **EXISTING**
  - can
    - be
      - modified
        - by
          - ba
            - analyst
              - business
- **NEW**
  - can
    - be
      - engineered
        - 2
          - suit
            - best
            - situation
              - that
              - a
            - the
            - goals
              - of
                - the
                - spho
                - may
                - m
- **PROVIDE**
  - information
    - extra
    - on
      - ways
        - a
        - task
          - may
            - be
            - done
- **HAVE**
  - structure
    - purpose
      - defines
        - what
          - the
          - technique
            - used
              - 4
                - &
        - circumstances
          - under
            - which
          - the
            - technique
              - applicable
                - very
                - likely
    - description
      - defines
        - what
          - the
          - technique
            - is
              - a
        - how
          - the
          - technique
            - used
    - elements
      - defines
        - key
        - concepts
          - needed
            - 2
              - understand
                - how
                - 2
                - use
                - the
                - technique
    - considerations
      - usage
        - defines
          - conditions
            - under
              - which
            - the
            - technique
              - may
                - be
                - effective
                - more
                - or
                - less
